

We deliver more than we promise

Sugar Felsenthal Grais & Hammer LLP

For more than 30 years, our clients have turned to us as their most trusted advisors. Through an unmatched level of personal service, combined with our business and legal acumen, Sugar Felsenthal Grais & Hammer LLP continues to represent almost all of the clients we started with in 1981. Since then, our practice has expanded as our clients have grown, deepening our experience and skills to support their business and legal needs.

Our approach to client service is founded on individualized counsel, seasoned judgment, depth of experience and the ability to lend a sympathetic ear. We are closely linked to our clients' strategic vision, business goals and cultural values. We solve our clients' complex problems with a creative, interdisciplinary approach. We see each project as a part of the mosaic of our client's business and approach each new matter as the foundation for an enduring relationship.

Our practices are concentrated in six key areas:

- Bankruptcy, Reorganization & Creditors' Rights
- Business Transactions
- Commercial & Probate Litigation
- Estate Planning & Administration
- Federal Income Tax Planning & Litigation
- Real Estate & Community Development

Our attorneys trained at many of the most well respected law schools in the nation. The insightful analysis we bring to each matter, however, goes beyond the mere academic: we are results-driven. Our objective is to find the best solution, each and every time. We collaborate with our clients and one another to develop strategic and cost-effective solutions. Our follow through and our attention to detail assures that we always deliver on our promises.
